[LETTER SENT BY EMAIL AND PUBLISHED ON THE AICG WEBSITE]

Dear Chairs,

PUBLICATION OF AVN47A – Noise Insurance Policy

On 5 January 2026, the AICG published the Noise Insurance Policy (AVN47A).

In Consultation Draft 70, it was noted that AICG had received a request from a market participant to produce a model wording for noise risks based on the existing AVN47 Noise Coverage Policy. It was noted that AVN47 was regularly amended and that an updated wording should be made available to market participants.

AICG considered the request and agreed that it would be appropriate to draft a model wording. The existing AVN47 was used as the basis for the updated Policy, ensuring that the core coverage and underlying intent remain consistent.

This clause has been subject to market consultation and the AICG Chair has now agreed that AVN47A be published. The finalised wording will be attached separately to the e-mail publishing this letter. It will also shortly be uploaded to the [AICG website](#). We would like to reiterate our thanks to those that have responded to the consultation.

As with all model AVN/AVS clauses and wordings, use of AVN47A is not mandatory and practitioners should consider use in accordance with their individual circumstances and take professional advice where they deem necessary.

Yours sincerely,

Thomas Hughes on behalf of Graham Spencer-Brown
(Secretary, AICG)
